CEO's Message

“ On behalf of Football NT I welcome you to the biggest date on the junior football calendar.

Football NT is proud to present the Darwin junior football grand finals for 2019 at our home Darwin Football Stadium, Larrakia Park. I wish all the teams the very best and look forward to seeing all games played with the utmost respect shown to players, coaches and match officials.

My message to each junior player is congratulations, you should be very proud of your individual and team achievements. You have worked long and hard to make the grand final. All those hours of physical and skill development training have prepared you for today's big match.

For the mums and dads, brothers and sisters, aunties and uncles and grandparents who have supported you on your journey to the Grand Final it is big day for them too. Make sure you take the time to thank the family for their support.

Most importantly make sure you enjoy every minute of the grand final day. Making the big dance is not a given. So make the most of your opportunity and make the most of the day where the best do their best!

Stay injury free, have fun and may the best team be crowned champions of Darwin.

Bruce Stalder
